Muhammad Abu Bakar

Web Developer | Front End Developer at Spantik Capital |
Undergraduate Computer Science Student at The University of Lahore.

Lahore, Punjab, Pakistan

Summary

Aspiring Computer Scientist currently pursuing BSCS at the University of Lahore. I'm passionate about problem-solving and excited about emerging technologies, especially in AI/ML and Data Science. With hands-on experience in C++ and foundational projects in DSA, OOP, and File Handling, I'm now learning Python and SQL and looking for internship opportunities where I can learn, contribute, and grow. Always curious, always building.

Experience

Spantik Capital
Frontend Web Developer
August 2023 - Present (2 years 8 months)
Gujranwala, Punjab, Pakistan

- Contribute to the development of key frontend modules for Spantik Capital's main web platform using HTML5, CSS, and JavaScript.
- Collaborate with backend developers to integrate APIs and ensure seamless data flow.
- Improve application performance, maintaining fast page load times.
- Identify and resolve cross-browser compatibility issues and UI bugs.
- Participate in code reviews to ensure best practices and code efficiency.
- Work in an Agile environment to deliver features on schedule.
